Arlington Tech

Infinite Possibilities

HTTPS://CAREERCENTER.APSVA.US

@ARLINGTONTECHCC

Welcome!

To provide our students with a rigorous learning environment which inspires and develops self-directed paths to college success and in-demand careers through the integration of project-based learning, college-level coursework, STEM, and Career and Technical Education.

OUR MISSION

4:30 - 4:45 pm	Presentation
4:45 - 5:00 pm	Introductions
5:00 - 5:30 pm	Q & A

You Have Great Options!

Consider the Following in Your Decision Making!

1 LEARNING ENVIRONMENT

2 UNIQUE OPPORTUNITIES

CTE
CAREER TECHNICAL EDUCATION

3 DEVELOPING COMMUNITY

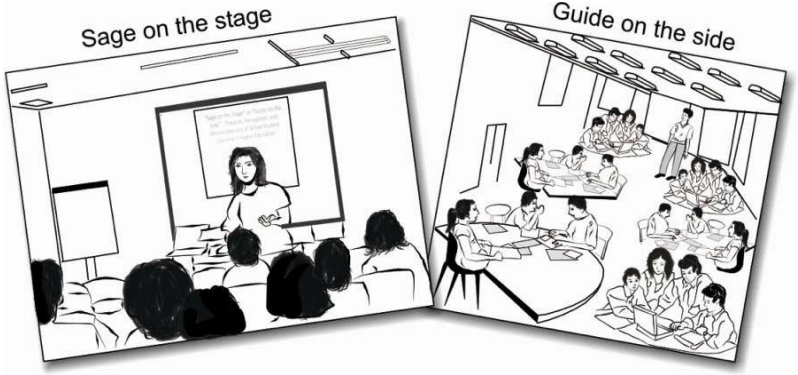
1: Are You Excited About Project Based Learning?

- Do you want to be the person most in charge of your learning?
- Do you want to build skills in self-advocacy and self-directedness?
- Do you want to learn in an instructional environment that highlights collaboration and communication?
- Are you a strong decision maker and problem solver?
- Does working in a team motivate you?
- Do you like having multiple projects in your classes?

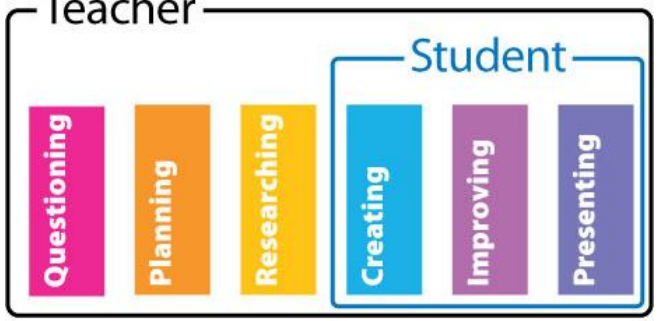
STUDENT ROLE DIFFERS IN PBL

Teacher support is based on student Needs-to-Know (N2K) and Pre-assessments

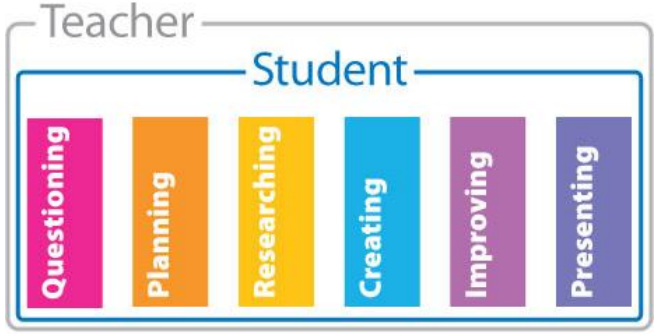
Direct instruction coupled with student-requested workshops and student inquiry



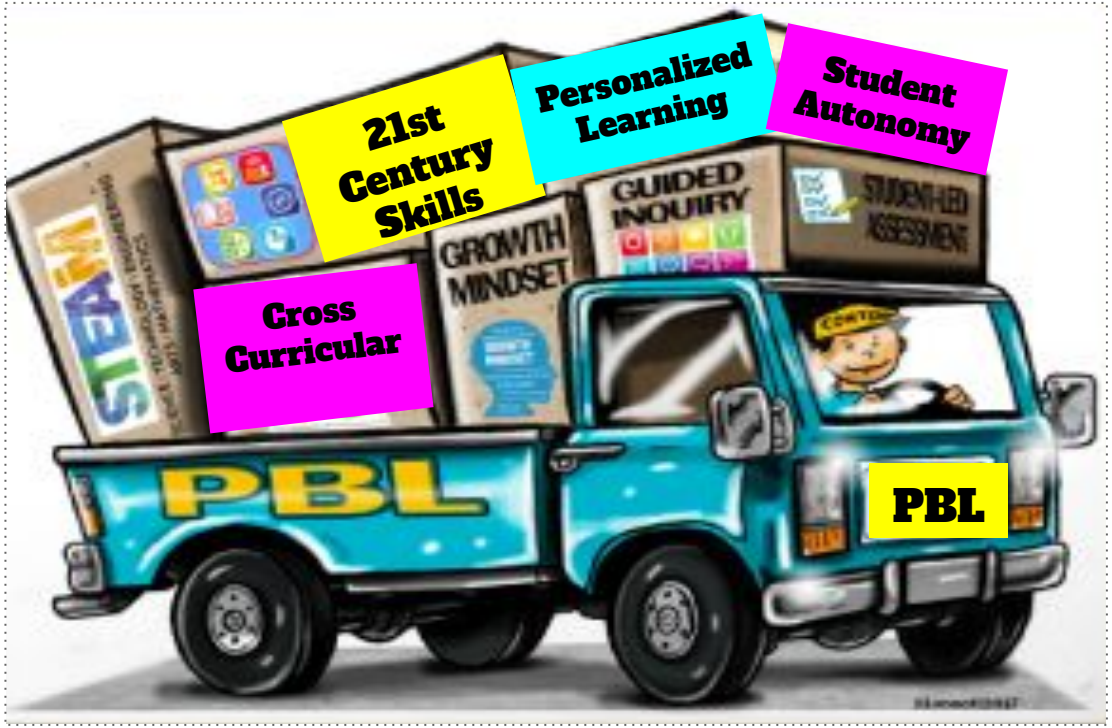
Traditional Classroom



Project-Based Classroom



PBL PROVIDES SKILLS-BASED LEARNING



Critical Thinking
Creativity
Collaboration
Resourcefulness
Self-Direction
Good Citizenship
Growth Mindset

These are basic skills needed for today's world!

2: ARE YOU EXCITED ABOUT OUR UNIQUE OPPORTUNITIES?

- Do our Career and Technical Course offerings connect to your interests? Do you see yourself exploring multiple pathways?
- Will working with industry partners motivate you to deliver high quality, creative products?
- Do you see value in having a year-long internship, related to your college or career goals, in 12th grade?

Amazing STEM and CTE Classes!
