PRIME Overview

PRIME is an internship program for students who are identified as gifted and/or who are taking a Career and Technical Education (CTE) course at the Career Center with the expectation of completing a sequence. Students must be at least 16 and rising juniors or seniors.

The purpose of PRIME is to create the opportunity for students to work as unpaid interns in professional organizations, nonprofits, and businesses related to their fields of potential career interest.

Interns are matched with mentors who help them expand their understanding of work by providing side by side experience in real world environments.

Summer Program Requirements

- Students must be 16 when they begin their internship.
- All students must complete the application process outlined on the Career Center website, including application form, resume, essay, letters of reference, and interview by the specified dates.
- Students at in-person sites **MUST** have transportation to and from their internship sites or be willing and able to use public transportation.
- Students must commit to the entire four weeks of PRIME. No exceptions can be made.
- Students will be asked to indicate their placement preference (in person, virtual or either)
