

# NOVA Articulated Credit Program

2002

## Arlington Career Center

**CTE Electives**

1,100 part-time students

Academic Programs  
150 full-time students

### 23.8% of APS Graduates

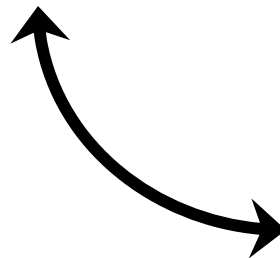

attend NOVA for part or all of their higher educations; NOVA serves a higher percentage of APS graduates than any other college or university.

## Northern Virginia Community College

**NOVA**

### Articulated Credit

- 12 Career Center programs qualify for NOVA credit through the articulated credit program

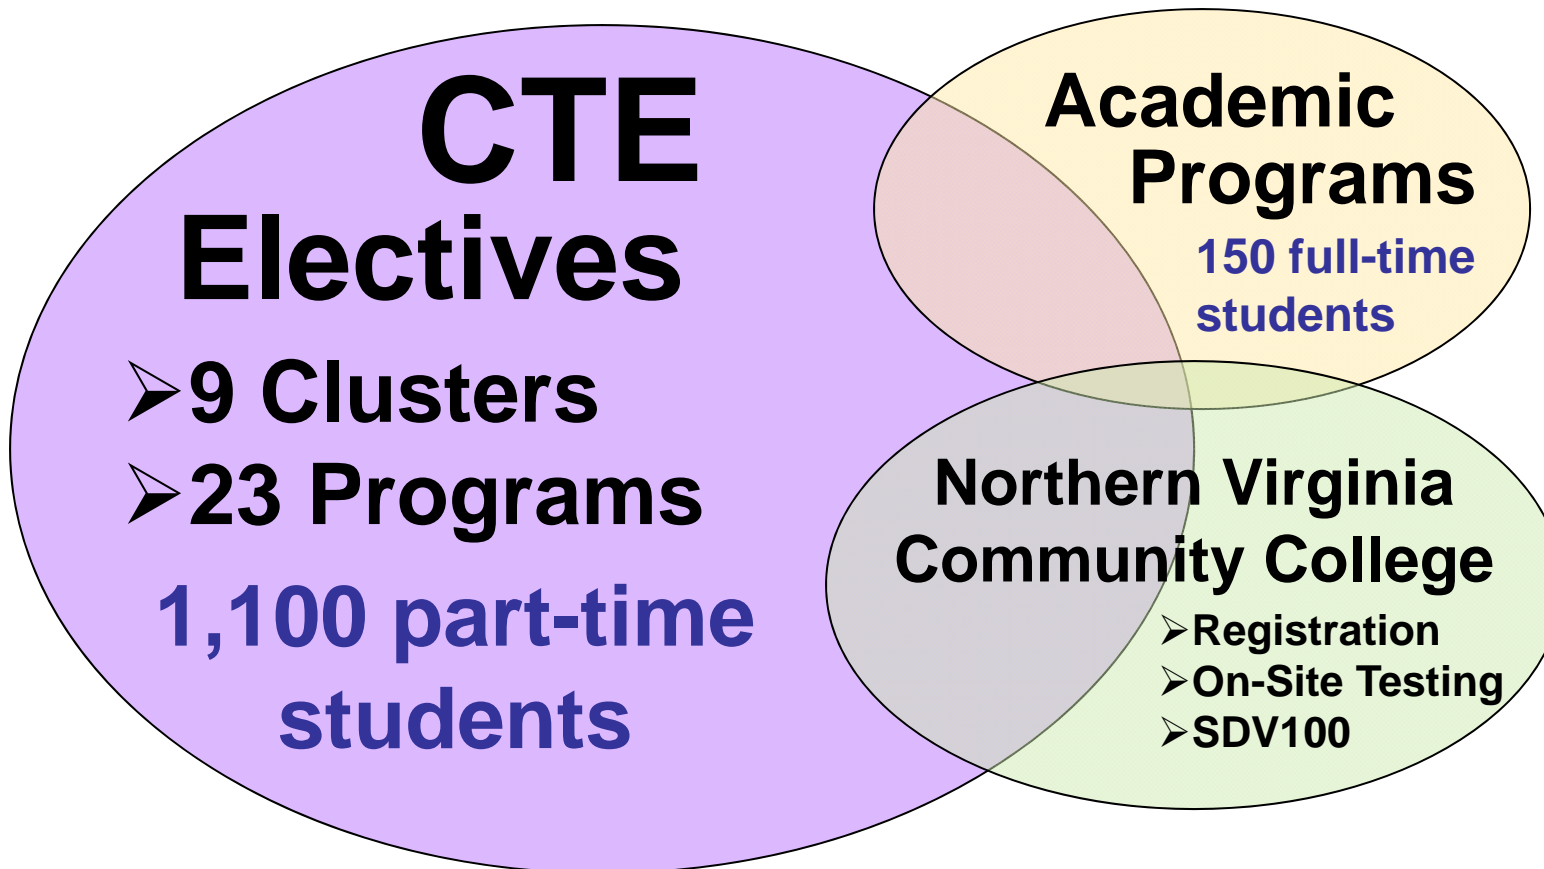

# NOVA Comes into the Career Center

2006

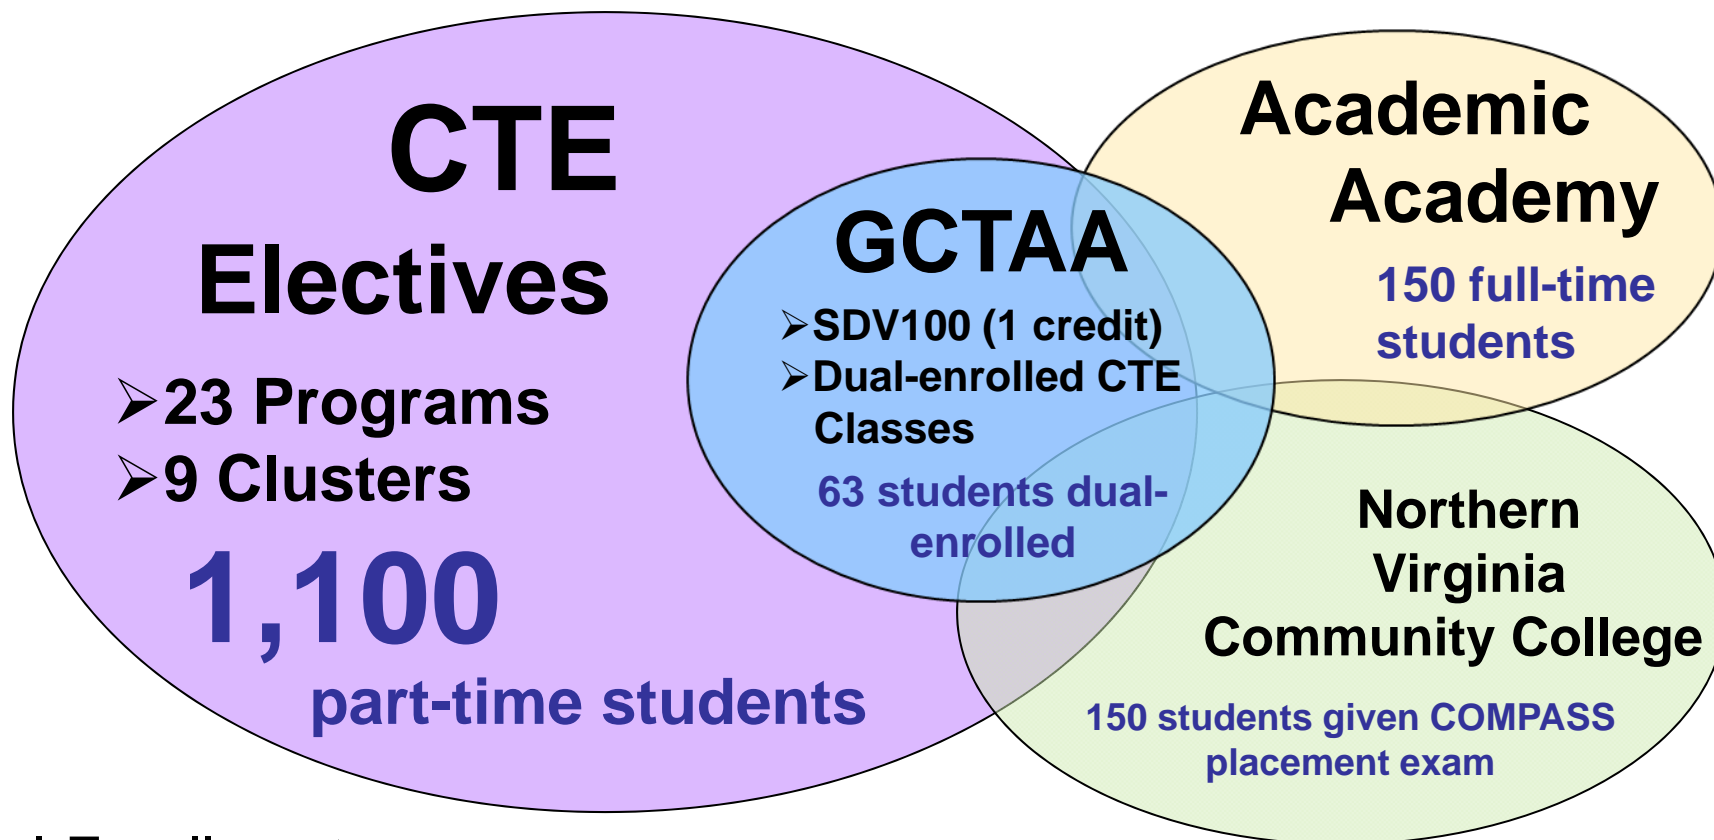

## Arlington Career Center

### On-Site Testing and College Intro Course

NOVA comes into the Career Center building through on-site testing, registration and delivery of the required one-credit college orientation course – SDV100.

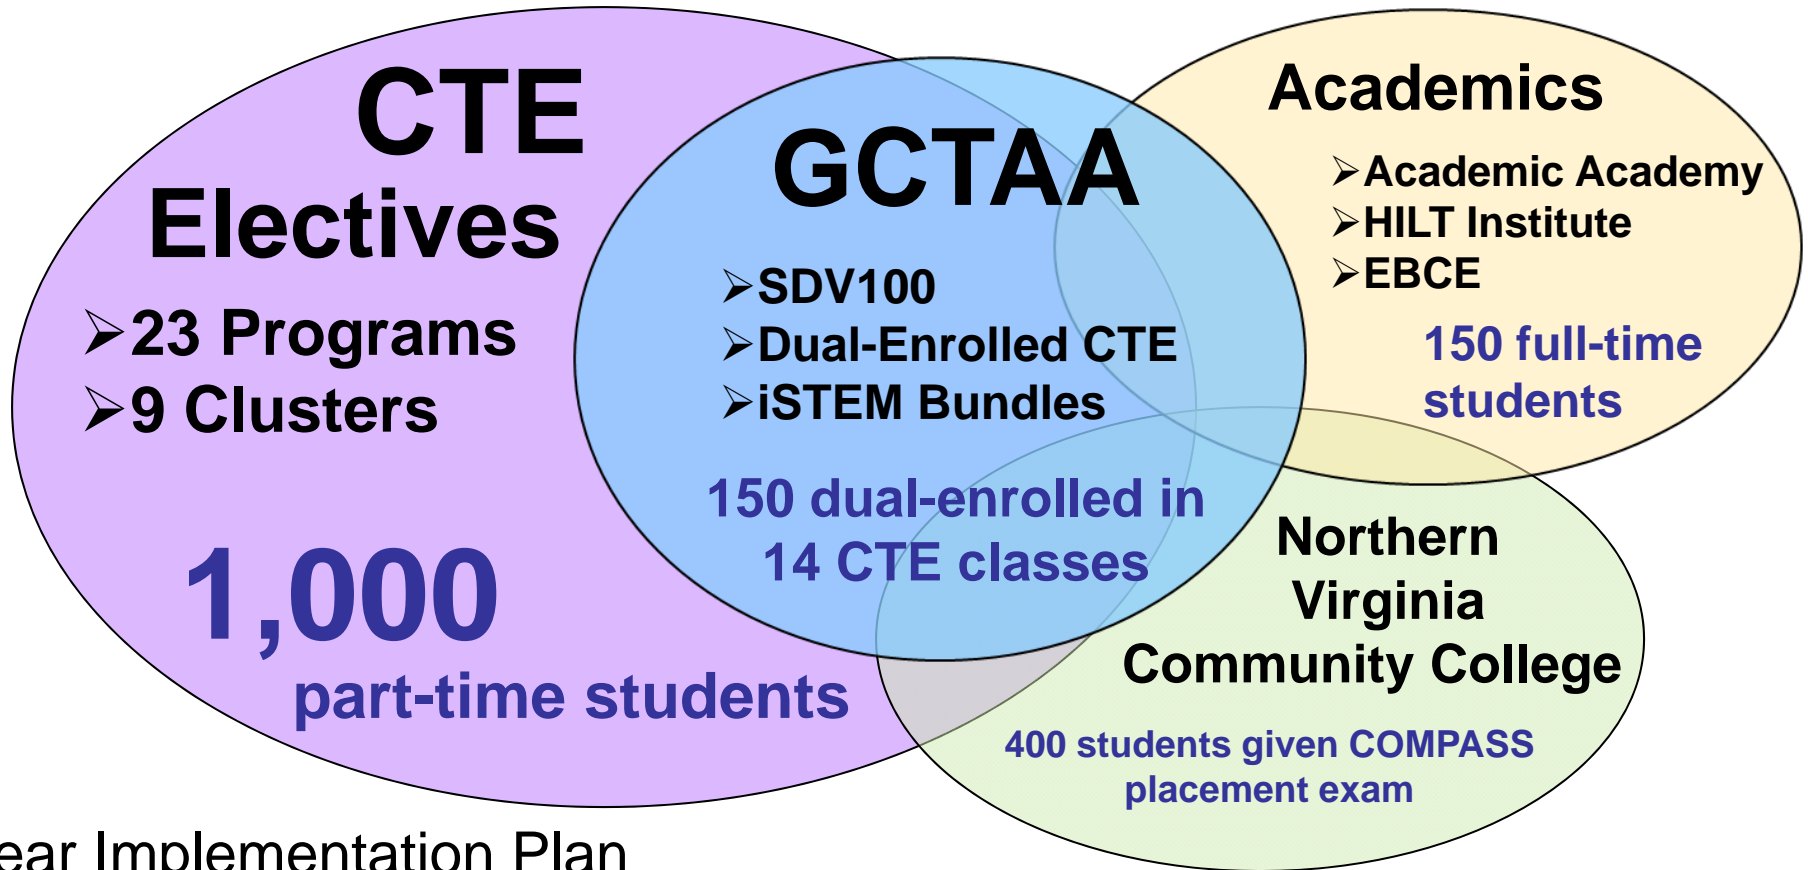

# Arlington Career Center

## Dual-Enrollment

Creation of Governor's Academy in the Fall of 2008 adds dual-enrollment and a focus on integrative STEM education to NOVA's presence; CTE instructors become certified to teach dual-enrollment classes as adjunct faculty at NOVA. Virginia Tech trains instructors in integrative STEM pedagogy.

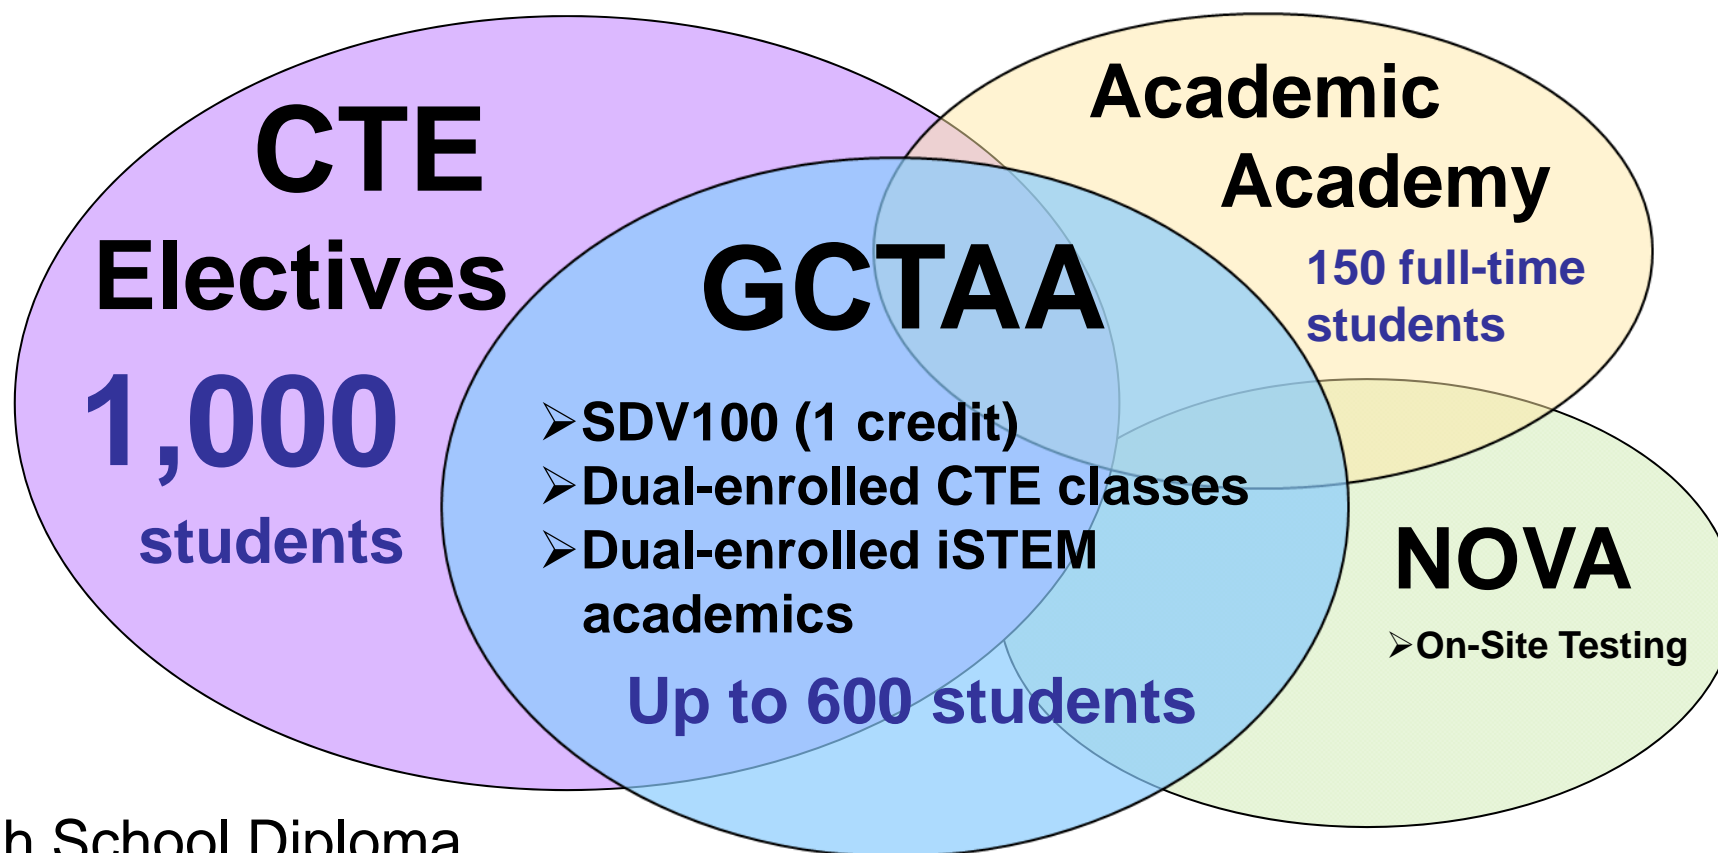

# Arlington Career Center

## 3-Year Implementation Plan

The Governor's Academy grows to 150 students receiving college credit through 14 different dual-enrolled CTE classes. Academy staff focus on remediation and integrative STEM approaches. Math-in-CTE is used as a model for staff development and iSTEM lesson plans.

# Arlington Career Center

High School Diploma  
+ 2-Yr. College Degree

The Academy expands its dual-enrollment courses to include more pathways and core academics, so that students can achieve a 2-year college degree within one year of high school graduation.
