

Career Awareness | Mock Interviews

Sample Questions

The virtual mock interview sessions are an opportunity for you to practice your interviewing skills with a professional from our local business community. Below are some sample interview questions. Before your mock interview, consider how you might respond to these questions. You can write your responses in the righthand column.

Sample Question	How would you respond?
How would you describe yourself?	
What is your greatest strength? What would you consider a weakness to be?	
What kind of work or volunteer experiences have you had?	
What experiences have you had in school that make you a good candidate for an internship?	
Describe your most creative or significant achievement while in school.	
What leadership positions have you had?	
What is a problem you have had to solve while in school, at work, or volunteering? How did you deal with it?	
Where do you see yourself in 5 years?	
What question during this interview did you think I was going to ask but didn't? How would you answer that question?
